

Health Centre Registration 2011

The Department of Health strongly recommends that all students register with a health centre while studying at university. The University of Nottingham is able to offer students the opportunity to register with its Health Centre on campus. The Centre caters specifically for University students and staff and offers a full range of NHS services.

All first-year students are invited to attend the registration sessions being held in the Great Hall and Senate Chamber in the Trent Building at the times listed below (Students should be prepared to spend at least thirty minutes to complete Health Centre registration).

To be eligible for registration with the campus Health Centre, you **must**:

- Be registered for a minimum of six months tuition on a University course;
- Be resident within the area covered by the Health Centre:

Students outside of this catchment area (such as Sutton Bonington) should register with their local GP, details of which can be provided by the School. Non-EU students wishing to register with the Health Centre must also provide a letter confirming the length of their course. This is to satisfy the NHS requirement that they be studying in the UK for more than six months. Joint Honours students should attend at the time allocated for the School/Department that **administers** their course.

<p>UG – Monday 26th September 09:00-12:30 Department of American & Canadian Studies Centre for English Language Education School of Humanities (excluding Dept. of Philosophy)</p>	<p>UG – Monday 26th September 13:30-16:45 School of Contemporary Chinese Studies School of Economics School of Education (excluding CELE) School of Geography School of Politics & International Relations Institute for Science & Society School of Sociology & Social Policy</p>
